

Answers to the Winter Quiz

- FALSE. A "winter storm watch" means that conditions are suitable for severe winter weather, but a storm is not definite.
- TRUE. Keeping the gas tank full as possible prevents freezing of the gas lines.
- FALSE. Homeowner's policies exclude flood damage.
- FALSE. If you use wood and coal stoves and/or a fireplace, it is recommended that a qualified chimney sweep inspect your chimney and flue annually prior to use.
- TRUE. Insulating pipes, adding extra flashing on your roof, making sure gutters are clear, and keeping excess snow from accumulating on the roof are examples of ways to prevent serious damage.
